

Luxury Asset Financing

\$100K – \$10M+

Loan Range

Flexible Terms

Structures

Asset-Backed

Collateral

Sequoia's luxury asset financing program provides structured capital backed by high-value alternative assets — including fine art, collectibles, exotic vehicles, jewelry, and wine. Our network of specialty lenders and asset-based lending partners offers non-purpose credit facilities that allow clients to access liquidity without liquidating prized collections.

FINANCING PROGRAMS

Exotic & Collector Vehicles

Financing for rare, classic, and high-performance vehicles — including Ferrari, Lamborghini, McLaren, and vintage marques.

Fine Art & Collectibles

Asset-backed lines of credit and term loans secured by museum-quality art, sculptures, and private collections.

Jewelry & Watches

Structured loans against certified jewelry, high-value timepieces, and gemstone collections.

Wine & Spirits Collections

Non-purpose credit facilities backed by investment-grade wine and spirits collections in bonded storage.

Multi-Asset Facilities

Blended collateral structures combining multiple luxury asset classes into a single credit facility.

KEY ADVANTAGES

Non-purpose credit — proceeds used for any purpose

No liquidation of prized collections required

Appraisal and custody coordination available

Confidential handling of sensitive high-net-worth transactions

Flexible draw-down and repayment structures

CASE STUDY · Luxury Asset Financing

\$1.6M

Fine Art Line of Credit — Private Collection as Collateral

A client held a \$4M+ private art collection and sought liquidity for a real estate opportunity without selling any pieces. Sequoia arranged a \$1.6M non-purpose art-backed credit facility through a specialty lender, with the collection appraised and held in insured storage. The line closed in 30 days with interest-only draw periods.

IDEAL FOR

HNW clients seeking liquidity against alternative asset collections

Collectors financing exotic vehicles, art, jewelry, or wine

Clients who want capital access without disrupting investment portfolios
